The NSF Plan Review Training Program

MDA, Lansing, Michigan

June 24-25, 2004

Developed for NSF International by leading Environmental Health professionals, this course is based on the CFP/FDA Blue Book and the FDA's "Plan Review Training Course." This course represents the latest Plan Review information in a dynamic and interactive format.

Sponsors:

This training seminar is co-sponsored by the Michigan Environmental Health Association and the Michigan Department of Agriculture.

Target Audiences:

- Sanitarians, consultants, local and state regulatory officials, and industry professionals responsible for the preparation, design and approval of food establishment plans.

Scope:

- CFP/FDA 2000 Plan Review Guide (Blue Book) requirements
- Current Food Code and other Applicable Regulations
- Guidance on New and Remodeled Facilities
- HACCP and GMP, and includes
- Class Exercises, Student Manual, Attendance Certificate

Cost:

- Sanitarians, Health Officials, Academia \$125
- Industry Professionals, Consultants \$275

Registration: Online at www.nsf.org/cphe
